# Retirement Solution

for Altiris Notification Server

Automate the entire Retirement Lifecycle from within the Altiris console with the Retirement Solution plugin.

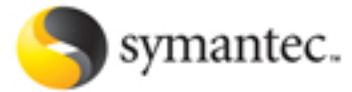

Built by:  TechTurn™ Technology Rebuilt

BAY DYNAMICS™ 

# Retirement Solution

for Altiris Notification Server

## Overview

Makes it VERY EASY to initiate, manage and track the End of Life process

Benefits:

Links your Altiris management system to TechTurn

Discover/inventory/upload assets to be retired

Create pickup/retirement requests

Track asset end-to-end status through retirement lifecycle:

- Staged for Retirement

- In Transit

- Received by TechTurn (either we pick up or you ship)

- Settlement Value

- Certificate of Destruction

- Settlement Reports

Comprehensive Reporting

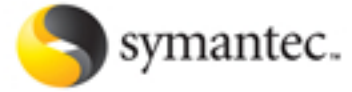

Built by:  TechTurn™ Technology Rebuilt

The screenshot shows a web browser window titled "Web Page Dialog" displaying the "Retirement Job" interface. The interface includes a navigation bar with tabs: "Account Info", "Managed Assets", "Lease Details", "Unmanaged Assets", and "Finalize and Initiate Retirement". The "Finalize and Initiate Retirement" tab is active. Below the navigation bar is a table of assets selected for retirement. The table has columns for Name, Asset Type, Serial Number, Manufacturer, Asset Tag, Model, Status, CPU Type, CPU Speed, and CPU Number. Five rows of data are visible, all representing Dell OptiFlex Gx270 computers. Below the table is a summary message: "You have selected these items for retirement. These items will be sent to a TechTurn process center for proper retirement." At the bottom of the interface are two buttons: "Save Changes" and "Submit Job to TechTurn".

## Screenshots:

The screenshot displays the Altiris Resource Manager console in a Microsoft Internet Explorer browser window. The browser title is "ALI-PR1-00763 Altiris Resource Manager - Microsoft Internet Explorer provided by Bay Dynamics, Inc." and the address bar shows the URL: "http://localhost/Altiris/Resource/ResourceManagerConsole.aspx?ItemGuid=5718a862-e4d8-4a84-bdd4-ace2916bf5aa".

The console interface includes a navigation menu with tabs for "Summaries", "Inventory", "Tasks", "Associations", and "History". The "Inventory" tab is active, and the "Settlement Information" data class is selected in the left-hand tree view.

The main content area displays the "Settlement Information" for the selected item, with tabs for "Current", "History", and "Status". The "Current" tab is active, showing a table with the following data:

Property	Value
Certificate of Destruction	<a href="http://www.techturn.com/certofdestruction.aspx?ItemGuid=5718a862-e4d8-4a84-bdd4-ace2916bf5aa">http://www.techturn.com/certofdestruction.aspx?ItemGuid=5718a862-e4d8-4a84-bdd4-ace2916bf5aa</a>
Settlement Value	150.0000
Settlement Report	<a href="http://www.techturn.com/settlementreport.aspx?jobGuid=E3E4C743-7A7C-43AF-9F99-81BE73D192A5">http://www.techturn.com/settlementreport.aspx?jobGuid=E3E4C743-7A7C-43AF-9F99-81BE73D192A5</a>

At the bottom of the table, it indicates "Rows: 1 to 3 of 3" and "Page: 1 of 1". A "Rows per page" dropdown menu is set to "All".

Below the table, there is a section labeled "Contains commands for working with the selected items." which is currently empty.
